Goal

Setting the Goal Objectives

- Goal objectives reflect an individual's role for the current year and are aligned with organizational objectives. It is recommended to set 3–4 objectives per year.
- **Current** Goal Objectives: These are tied to the individual's role for the current year, and their total weight should equal 100%.
- **Mid-Long Term** and **Capability Development** Goal Objectives: These should be assigned a weight of 0% as they are not factored into the performance evaluation for the current year.

Main Task / Regular work

Weight:

40%

Employee Mid-Year Comments:

[1H-2026 Achievement]

1/ Contribute for MCAL release milestone without delay in 1H-2026

NA-22040:

- U2C8/4/2 MCAL-ASIL D Final
- U2B24/12/6-E MCAL-ASIL D Final
- U2B16-E MCAL Beta
- MCAL new compiler support with Sample Test

PJ-26005:

MCAL driver maintenance for U2Ax, U2Bx, U2Bx-E, U2C - patch release for monthly KIL

Gen3:

R-Car M3v3.0 AR4.2.2 MCAL

Gen4:

V4H: R-Car/V4H MCAL Ver.19.4.0.D

S4: R-Car/S4 MCAL Ver19.08.00

2/ Merge X2x into SML:

- Merge Driver Code (50% file) and Gentool Code (30% file)

- + Productivity measurement:

- Before change:

- Driver Code: 6287

- Gentool Code: 12412

- After change:

- Driver Code: 3582

- Gentool Code: 4201

Productivity: 8.207 LOC/MH

- Completed merge AD phase and TUT testing

3/ Quality Incident, Quality Issue, NC/FC: 0

Ranking: Level 4

Objective Details

Visibility:

Public

Category:

Current

Details(Achievement process,criteria etc.):

- * Develop and support CAN module for all device: X2x, Gen3, Gen4, Gen5, U5x, SML, U3x

PIC: X2x, Gen3, Gen4

Support: Other device

KPI:

Aim to better development efficiency with 10% improvement by small innovations

Reduce 10% quality issues and 50% bug intermediate release against 2025 results.

- Quality Incident: 0

- Quality Issue: 3 or less

- Bug of intermediate release: 1 or less

- PQA, QGC : 0.5/ event

Customer support: Keep TAT target to re-act/resolve for existing customer's question/request. TAT target:

- Bug ticket open: t

- Reproduce bug: t + 3 working days

- MO Analysis: t + 5 working days

- KIL Review: t + 9 working days

- Design/Testing/Closing: Follow project schedule

Update the progress in tickets, Grantt chart daily

- * Contribute for all MCAL release milestone without delay

- MCU SW: 19 releases without delay

- SoC SW: 16 releases without delay

- * Productivity: 5.125 LOC/MH (0.82 KL/MM)

Merge U2x MCAL into U5x/X5x mainline then increase supported modules by utilizing common design assets

- Spit the project request to smaller items like API, internal function, error/warning message, generation rule

then implement full WPs for each item with test-driven development
Measure the project productivity monthly to detect gap then define measure accordingly

- * Project expansion:
- + Do trial integration MCAL with BSW integration and apply to official work.

Challenge / Business Contribution

Weight:
30%

Employee Mid-Year Comments:
[1H-2026]

1/ D-in :

Join to develop to contribution target:

R-CAR Gen3 (Aumovio LTV 300M\$): Revalidation on latest compiler

R-CAR Gen4 (Hino, Bosch India, Denso, Astemo): S4 respin, Bug fix and retest for S4 v2.1

2/ User Experience improvement:

2.1/ Develop CD phase for U5x Vector supported features

- + Feature 1: Multi-partition -> U5Lx: not supported, U5Mx: Not planning
- + Feature 2: Hardware Timestamping -> The hardware timestamping feature is supported only by the CAN IP internal timer. It is not possible to capture the reception time of incoming messages or the transmission time of successfully transmitted messages using the gPTP timer of the TSYN IP (not supported IP of U5x)
- + Feature 3: Polling Limiter -> Completed
- + Feature 4: Silent Mode -> Completed
- + Feature 5: Integration Customization -> Completed

2.2/ Integration MCAL with EasyXMen BSW : Plan to support 2 use cases

- + Sample application creates a function that runs periodically that corresponds to a scheduled task: plan e/o Oct
- + Sample Application shall combines following modules: MCU, PORT, GPT, CAN, LIN, ETH, Protocol Conversion: plan e/o Oct

Ranking: Level 3

Mid-long Term

Details(Achievement process,criteria etc.):

Become project leader in a MCAL project.

+ Enhance below skill of leadership to manage real project:

Management skill
Reporting skill
+ Gain experience how to comply process in real project: SML, X2x, U5x, X5x projects
[Quality target]
Do planning and able to handle all requirements of project with high quality output.
[Cost target]
Capable to conduct planing and negotiate with customer.
Can effectively solve problem by identifying a step-by-step solution.
Able to teach and guide new comer to grow and work effectively in daily work.
[Delivery target]
Folow the plan and schedule in contract or agreement with customer.
[Rule target]
Comply to company rule and project plan.
[Target & schedule]
Complete understand Fusa + JB5001 by training

Culture

Culture objectives are set to demonstrate the expected behaviors in an individual's work, based on Renesas Culture (TAGIE). It is recommended to have at least 2 objectives per year. **All TAGIE elements are displayed by default; you may leave any elements blank that are not your focus this year.**

1 . Transparent

Cultivate openness by sharing information, within the bounds of discretion, to help others make good decisions
Align frequently and keep others informed
Give honest feedback with positive intent
Escalate issues in the best interests of Renesas

Employee Mid-Year Comments:

[1H-2026 Achievement]

- Always update the status of the task daily, report the progress and problems encountered during the project implementation.
- There is open information sharing among group members.
- Share timely information, cooperate and help each other to get complete task

Employee's Culture Objective

Be open to share knowledge

Delivering of honest and constructive feedback

Open and honest communication

Strengthen relationships

2 . Agile

Willingness to change ideas based on new information
Adapt quickly to changing circumstances and ambiguity with resilience
Willing to work with 'enough' but not all information to enable a project to move with speed and course correct real time
Able to work in a 'rapid iteration' style by sharing drafts and iterating with stakeholders
Reflect frequently and recognise when it's right to change course

Employee Mid-Year Comments:

[Achievement]

- Completing quite well the task set out from the beginning.
- Adapt quickly and complete some urgent tasks assigned.
- Willingness to change ideas based on new information.

Employee's Culture Objective

Asking right questions to find root cause

Act quickly and decisively

Being adaptable to change

Iterative approach

3 . Global

Develop insight into the environment in which Renesas is operating and take time to be curious and learn about other cultures

Use language that is easy to understand

Listen to the voices of our diverse stakeholders

Harness the knowledge of our colleagues globally

Take time to prepare your communications

Employee Mid-Year Comments:

[2026 Achievement]

- Investigate new materials to enhance professional knowledge.
- Has been improving his ability to read and communicate in English

Employee's Culture Objective

Collaboration with others with best effort

Understanding my audience across borders

4 . Innovative

Challenge outdated assumptions and processes; contribute new creative ideas and solutions

Take measured risks and not be afraid to fail

Lead and champion new ideas

Try new ways of working by learning from prior experience and incorporating insights from peers

Employee Mid-Year Comments:

[2026 Achievement]

- Try to find and do the task as quickly as possible to save time.
- Be willing to offer ideas and solutions when needed
- Try new ways of working by learning from past experience

Employee's Culture Objective

Critical thinking to develop new module

Try new ways of working and collaboration

Action-oriented behavior when approaching a task

5 . Entrepreneurial

Keep overall company purpose in mind

Be accountable and take responsibility for results; care about the outcome

Be alert to emerging issues and trends

Understand and evaluate the commercial impact of ideas and decisions made

Acknowledge constraints and work to problem-solve to overcome obstacles

Employee Mid-Year Comments:

[2026 Achievement]

- Proactive and flexible when performing tasks.
- Working with high spirit and responsibility.
- Be willing to acknowledge limitations and work to solve problems

Employee's Culture Objective

Be accountable and take responsibility in the workplace

Problem-solve to overcome obstacles

Be alert to emerging issues and trends

Career

Guideline for employees

Share your career aspirations, long-term goals, and the skills or experience you would like to develop. Be as specific as possible about roles, projects or learning opportunities that interest you and explain how they align with your strengths or future ambitions. In addition, if you believe you have gaps in your knowledge or competence to support the achievement of your goals, please identify these here and agree with your manager on how you may fulfil these.
